

Street Warrior Strategies for Business

Jay dynamically translates two decades of astonishing experiences as a federal agent and deep undercover operative into effective strategies for any business or personal endeavor. His unique presentations inspire audiences to reach their utmost professional and individual potential.

Jay's one-of-a-kind experiences have been featured on *America's Most Wanted*, *CNN*, *The History Channel*, *National Geographic Channel*, and are the subject of several best-selling books. He is also author of the new book, "*No Angel*".

"The Human Factor"

This presentation addresses the skills required to overcome the anxieties associated with risk. Jay shows how proper training and motivation, combined with a street warrior mentality, enable typical people to consistently achieve extraordinarily levels of success.

With a distinctive blend of humor, humility and passion, Jay transforms his one-of-a-kind life story into an unforgettable message that deeply inspires. Adapted from his renowned motivational presentations to top law enforcement and military agencies worldwide, "*The Human Factor*" is directly relevant to the entire spectrum of today's business operations.

This presentation is tailored to each specific audience and profession.

The Dark Art: Undercover Strategies for Operatives

Drawing on Jay's intensive undercover experiences, including being taken hostage and shot through the chest at point blank range along with countless other acts of extreme violence, this dynamic presentation is especially relevant for those working in or supervising undercover assignments at any level.

The Hells Angels Project

This exclusive presentation chronicles the amazing rollercoaster ride taken by Jay and his taskforce teammates as they overcame seemingly insurmountable obstacles and extreme personal risk to achieve the unprecedented infiltration of the world's most feared and ruthless outlaw biker gang.

Custom-tailored two and four hour presentations of "*The Dark Art: Undercover Strategies for Operatives*", and "*The Hells Angels Project*" are available to law enforcement or military audiences only.
